DETAILED ACTION

Allowable Subject Matter

1. Claims 1-13 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance:

The WO reference (WO 99/08857) teaches an apparatus for formation of indicia in the base of a blister pack made of plastic coated metal foil (page 1, lines 4-7). The apparatus comprises an upper punch and a lower punch (6, 10) superimposed on each other, and a clamping means (4) for holding a film in between the punches. One of the punches (6) is made up two parts (6, 14) with a hollow cylindrical outer stem (6) and an inner stem (14) can be slid in a telescopic manner out of the outer stem (Fig. 3A-C).

The WO reference, however, fails to teach or suggest means for moving the upper punch and lower punch (or the shaping stem and the counter-stem) in the same direction while clamping the film material during a portion of the forming process, in order to uniformly stretch the sheet material while forming.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
